Dear Joshua:

Rand Araskog has already expressed his appreciation for your fine presentation at Boca Raton and I want to add my own note of thanks.

Your discussion of the scientific scene gave us a host of issues to reflect upon, and these were of absorbing interest to the managers of such a research-oriented company as ITT.

We are delighted that Marguerite was able to accompany you to Boca Raton but sorry that you had to return to New York so quickly. I hope we can meet again in the coming months.

Sincerely,

ITT ↓
